## HAIR CUT - HAIR SPA - HAIR WASH - HAIR COLOUR

Our professional stylists create a customized haircut that complements the client's face shape and aligns with their personal preferences.

HAIR CUT	₹
MALE CUTTING	199
FEMALE BASIC	299
FEMALE ADVANCE	499
KIDS	149/249

Using expert techniques, our stylists execute precise beard styling, shaving or trimming based on the client's specifications. Our stylists carefully refine the edges, shape the beard, and ensure symmetry for a polished and well-groomed look. The service concludes with the application of a soothing post-shave gel or beard oil to nourish and hydrate the skin, leaving the client feeling refreshed and confident in their groomed appearance.

# STRAIGHTNING/ SMOOTHING - SPA - HEAD MASSAGE

The Hair Straightening process works on the cuticle layer of the hair & the treatment involves hair wash using a purifying shampoo, followed by a blast dry. Then application of straightening cream is done & a waiting of 30-40 minutes is required, visually checking for bond breaking. Then the product is rinsed off completely. Then application of a hair mask is done followed by a hair wash, proceeding with a straight blow dry, followed by ironing. Then application of neutralizer is done with a waiting period of 15 minutes. Then the neutralizer is rinsed, with an application of hair mask. Then the hair is washed followed by another straight blow dry.

For long-lasting results, we recommend the use of sulphate-free Shampoo and Conditioner regularly

## SCALP TREATMENT- HAIR STYLING - HAIR TREATMENT

The scalp treatment process involves twice hair wash with products chosen based on scalp concerns. Following the hair wash, a mask (either 911 or 007, depending on the hair type) is applied and there is a 15-minute waiting period. After the waiting period, the mask is rinsed off completely, followed by a blow dry. Then, a high-frequency machine is used to treat the scalp, delivering therapeutic benefits to promote overall scalp health and the treatment concludes with the application of an ampule to the scalp (Ampule of Dandruff or Hair Fall depending upon the scalp concern).

Benefits : Effective remedy for Dandruff & Hair Fall

<b>SCALP TREATMENT</b>	₹

<b>SMARTBON TREATMENT</b>	<b>1499</b>

Hair is styled according to the occasion and hair type, taking all necessary precautions, including the use of heat-protect serums, mousse and sprays.

Benefits : Stylish hair for any occasion

<b>HAIR STYLING</b>	₹
<b>TONG SETTING</b>	<b>799</b>
<b>PADDLE BRUSH SETTING</b>	<b>199</b>
<b>IRONING</b>	<b>599</b>
<b>ROLLER BRUSH SETTING</b>	<b>299</b>

The Protein treatment begins with a thorough analysis of the hair and a review of its history, followed by the selection of products tailored to the specific needs. The process involves a pre-hair wash, followed by drying, serum application, product application and a waiting time of approximately 45-90 minutes, depending on the hair type and history. Subsequently, 20% of the hair is rinsed, followed by a blast dry, blow dry and section-by-section ironing. A hair wash is performed after 30 minutes and the process concludes with a final blow dry. For long-lasting results, we recommend the use of the same shampoo and conditioner for home care.
